Hi guys,

I just wanted to send you a big thank you again from Lila. Below is a photo of her sitting on her new bedding with her blanket enjoying her craft book! She was so excited for new pj's that she lined everything out for a sleepover with her sister.

Thank you for all that you do and for helping out a lovely family in need!

Hello all. I just thought i would share with you a message I received from a family you supported last week. "Hey thank you so much for all the goodies really made the house feel like a home the kids thought it was Christmas"

The family had escaped DV. Thank you all so much for what you do for our Coast Community

Hope was thrilled to find her "presents" and delighted in examining each and every piece of clothing or toy! Her little face lit up and she showed off each item to her mother, dressing up in the spiderman dress and playing with the playdough immediately. Her mother was overwhelmed with the generosity and couldn't believe the quality of the donated goods, and how well chosen they are for her daughter's age group, and how educational a lot of the resources are.

For a mother on limited income this gift / donation has meant the world in the lead up to winter, and she was so touched by the generosity of We Care Connect. On leaving the home little Hope shouted out "thanks for my presents!!!!"

Good morning,

I just wanted to express my greatest thanks and gratitude for the care package you guys arranged for a mum and three children in need, every single item was well received and tears of happiness were shared by mum and admittedly a little from me too. Thank you for all you do, thank you for the care in choosing items for the family, incredibly generous and incredibly kind.

Kind Regards,

Katherine Moir

I just wanted to let you know that the clothes and other items that you provided for this family were so appreciated. The little girl who is nearly 4, loves her clothes and has some favourites she wants to wear all the time! The little shoes (ballet flats with crystals on them) she calls her "pretty shoes". All of the clothes fit her and her carer was very grateful, and for the lovely birthday present, which the little one will be given soon. The clothes and bath hamper pack for the older girl was equally appreciated and all fit well, including the shoes.

Thank you to all at WeCare, the work you do brings joy and much needed help to so many families.

Message Hello, I would like to provide some feedback for the wonderful service you provide. I am happy for you to share this feedback in any way you see fit, however I would like to remain anonymous to protect my identity and the identify of my clients.

Dear We Care Connect,

On behalf of my service and my clients I would like to thank you for the amazing support and generosity you have provided, and continue to provide to vulnerable children and families on the Central Coast.

The Christmas gifts for children and hampers for families were packaged beautifully, and were received by parents with so much appreciation.

The school packs have also been received with excitement, gratefulness and surprise that the community has been so generous. I would love to be able to share with you & your volunteers the smile on the kids' faces when receiving their pack. As this is not possible I thought I would share some of the messages I have been sent..

"[child] is so excited about his school stuff and he says thank you very much"

"Oh my gosh, thank you so much. I never expected all that stuff"

"[child] really loved all the great stuff in the bag thanks so much"

"Woah this is really cool"

Thanks again, keep up the great work

..... Feb 2022

So far I have given two of my clients a back to school pack for their children and both clients were very grateful and said the packs are fantastic! One of the children grabbed the school bag and put it on straight away, then he opened it up and went through all the school supplies and was so happy with it all. Really put a smile on his face which is so great to see as he has had a very difficult and stressful year.

His mother was very thankful and it was a huge burden off her shoulders knowing her son had the supplies he needs and not stressing about being able to afford it all.

I also gave clients the xmas hampers from We Care end of last year and the feedback on those were so positive as well. You always do amazing work!

Can't thank you guys enough ☺

Thank you for the wonderful support we receive for our families not just at Christmas. The look when people receive their gifts is priceless. The parents are so overwhelmed that your group are so generous and provide the toys and hampers beautifully wrapped or in those lovely material bags. It reminds me continually that we just don't realise how tough some people do it and how vital this type of support is in our community. Once again thank you, you guys are awesome!

Elaine,	Lakelands Community Centre	January 2022

I was so impressed by the hampers and toys. Your workers were brilliant to work with, they were organized & friendly. My families were grateful. One mum said she was blown away by the hampers and toys, she couldn't believe how much she received and she said the toys would make her children's Christmas. Other parent commented on how the food hampers would help them get through Christmas. As a worker I wanted to say thank you so much for this service- the hampers and toys made a real difference to my families.

That is so lovely of you guys. May I say that my client yesterday, single dad of 4 kids all with behaviour issues, sent me a text (after Alison dropped off his kids' clothes) thanking us for the items. My client wrote in his text message to me yesterday, 'thank you so very very much....So appreciate it. Everything is awesome...The kids said thankyou too' .. (with prayer signs).

I responded that we got the items through We Care. Thanks again guys for all that you do for our clients.

To whom it may concern,

The Bateau Bay Neighbourhood Centre 'BBNC' would like to acknowledge the professionalism in which our dealings have been with 'We Care Connect'. This organisation goes above and beyond in assisting those within the community who are in need the most.

From the first point of contact with We Care Connect, the process of accessing quality clothing and accessories for Children in need was hassle-free. The turn around time in being provided with the requested items was outstanding. Feedback from our clients has been amazing, advising us they are thrilled with the items being provided.

It is through organisations such as We Care Connect, that community members can provide for their families in times of financial stress.

With much gratitude,

We care is amazing! I was this mum nearly 2yrs ago. Taken by police out of our home with nothing to a hidden safe house where we found 4 bags of love. 1 for myself, and 1 each for my children. They still have the hand crafted dolls we got. Thank you so much, forever grateful.

"I want to give a huge thanks to all the wonderful people who helped yesterday. The family are indigenous and had fled from Lightning Ridge where they lived with very little. The absolute joy on their faces was a joy to see. Beautiful things, beautifully packed with love. They were touched to the core. The children loved everything, loved the toys and puzzles. Dear We Care Team,

I just wanted to pass on a sincere thank you from this client who reflected being extremely grateful for all the items they received. They have had a rough time recently with a big drop in income due to the lockdown and have been unable to afford to purchase clothing for the children. This has provided a huge relief for them and they reflected their excitement and joy when they went through the bags with the children and were especially touched by the care and effort that went into the packages.

I also want to express my gratitude for all the amazing work you all do, you have helped so many of my clients while I have been working with Brighter Futures and are always so kind and caring when I have attended the site. Your commitment and care to the community along with your generosity of time (particularly in this current COVID climate) is inspiring.

Take care and be safe. Kind Regards,

From recent requests

We really appreciate We Care's support in this process. P*** is a single mum who is going through a tough time at the moment with all 4 kids. She is a victim of family violence from the children's father and with all 4 kids diagnosed or being diagnosed with disabilities she has a lot to deal with. Any of these items would be hugely appreciated by myself and the family. Towels and tea towels are also another item this family requires. Thanks for your time.

Hi lovely We Care.

.....

Really hoping it's ok for this to be an urgent order. This family have just relocated from Queensland to escape DV and weren't able to bring anything with them. In terms of the toys, it would be great for some outdoor toys such as cars, sandpit toys and scooters if you have any would be amazing. And some colouring in books and pencils/crayons would also be amazing.

Thankyou so much for all your wonderful support for the families we work with.

J*** is non-verbal and is on the autism spectrum. He will turn 14 in February. J*** likes sensory items like water play and kinetic sand, plastic straws, uncooked pasta, dried leaves and plastic toys that make 'clinking sounds' like dominos or when lego pieces hit each other. He likes to filter these items through his hands. He doesn't like the feel of playdough or slime.

The family have had a lot going on for them over the last 5 years. They have experienced homelessness, temporary accommodation and have had their social housing home burgled and their personal items and toys stolen. The children are 6 and 13, and they are supported by a wonderful mum who is doing her best to care for them both in addition to coping with her own mental health following domestic violence which lead to them being homeless. The family would be most grateful for any support we care connect can provide.

A**** lives at home with her 3x siblings and single parent. Things have been very tough for this family which has been exacerbated by the lengthy lock down period. A**'s mother has lost her entire income and is in the process of arranging her disaster payment. Their rent was recently increased and affording food has been a major stressor the last few weeks. If there was an available food pack that would be really helpful for this family. A**'s birthday is coming up on 30/8 and with money being very tight at the moment if there was a little something available for her birthday that would be greatly appreciated to.

Kindest regards, Maja

Hi guys,	

This family are existing clients and they have their nephew coming into kinship care and they have absolutely nothing. Baby is coming from Penrith and that's the only thing holding the new care arrangement up. I put the 23rd date in but i know you's are flat out, when ever it is ready would be great!!

A*** lives at home with her mother and 13year old brother who has a life limiting condition. The family are experiencing stressors associated with housing, illness and financial hardship. A*** is increasingly isolated from her usual support networks during the current covid stay at home orders. As her sibling has high care needs and the home is crowded, A***s mother is worried how she will keep her entertained at home with their limited resources. If there were any craft or puzzle packs available that would be tremendously useful for A***. Thank you for your consideration.

Aged 5 turning 6. Likes sports, super heroes.

Mother needs winter and summer clothes for her son, single bed sheets and warm winter blankets. She is struggling to afford him presents for his birthday at the end of July.

Thank you. If goods could be delivered if you are out near Kariong way that would be great if not I can collect in person from July 7th.

If there was a zip up hoodie for the older boys aged 12 and 15 years of age that would be really handy as they don't have a jumper for winter. They are both size small in men's.

Single parent family, financial struggles exacerbated by significant rent increase, child with life long health issues. Thank you!

This family are living in extreme poverty and have very limited winter/warm clothing/blankets. I am unsure of the sheet sizes of beds however any blankets/pillow cases/ towels/ items that can fit any size

I am also wondering if you have anything available for the mother, she is 182cm tall and has no warm clothes. She is small in build and would benefit from any jumpers/warm pants on offer.

Underwear and sanitary items/ products for the teenagers would be also amazing if you had any. The house is very cold with no heating so if you have any slippers/warm socks that would be amazing. Thank you again for all that you do!
